St. Paul Fall Events	2

Seasons are changing: Fall is around the corner

Air Conditioner Units should be removed from windows by October 1st.

****If you have foam or boards supporting your unit please store them with your AC for next years use.****

Heating season is almost upon us again. Please keep your windows shut once the heat has been turned on. Remember to let us know if your apartment gets too hot or cold during the cooler months. This helps us keep your building as energy-efficient as possible. Also, contact management if you see steam or water coming out of your radiators.

Used Light Bulb

Recycling

ing all residents to please put all light bulbs in the container. CFL's contain mercury which is a hazardous material and needs to be properly recycled at a hazardous waste site. We will collect all the light bulbs throughout the year and dispose of them properly for you! Please take the time to carefully place your used light bulbs in these containers. ****Please don't throw the bulbs into the containers —we do not want them to break. We appreciate all of our residents help with recycling.**

You can also get additional information about recycling in Ramsey County at www.co.ramsey.mn.us/ph

Green Living Tip: Compact Fluorescent Light Bulb Recycling

Skally Management has recently put 5 gallon paint buckets in each building for the purpose of RECYCLING compact fluorescent light bulbs.

The buckets have green tops and are labeled with the same image that is to the left of this article. We are ask-
