Winter Heating & Plowing

Please remember to **keep your windows shut** and to **let us know if your apartment is too warm or too cold**, so we can fine tune the heat in your building and be as energy-efficient as possible! Our goal is to heat your apartment to around 70 degrees. If your building has parking spaces, **please look by your building's entrances when snow falls** for notices about when to move your car so we can plow. We will also try to email you. If we don't have your email address, please email us. Please let us know if you have any questions. Also, please monitor the City of St. Paul web site for **Snow Emergency Info** on the streets: <http://www.stpaul.gov/> or call (651) 266-PLOW (7569). THANK YOU!

Neighbor or Maintenance Issues?

If you are experiencing problems with your neighbors or a maintenance problem, please let management know right away! Sometimes we don't find out about issues until after several months have passed. It's always best to deal with issues sooner, rather than later. We can keep your neighbor issues anonymous for you.

Please call 651-263-4080 or email us at Staff@LiveGreenApts.com if there's something you

GREEN TIP FOR WINTER

People often ask us where they can donate or sell household items when they are moving or cleaning out their apartment. We have put together a handout to help answer those questions. You can find it on our web site at:

http://livegreenapts.com/docs/recycling_household_items.pdf

Some of the ideas on donating/recycling household items include:

- *Dress for Success* accepts gently used women's clothes for women in need of business attire for work and job interviews.
- *Best Buy* and *Staples* offer free cell phone recycling.
- *Goodwill* accepts clothing, furniture and other household goods.

If you don't have internet access, please call our office and we can drop off or mail a copy to you.

Thank you!

Tropical Beach Party: Feb 19-21

Minnesota Zoo

X-MAS TREE CARE

Please use care if you have a real tree during the holidays. If your tree sheds pine needles in the hallways when taking it in or out of the building, please vacuum up. We recommend using a Xmas tree bag while moving your tree in or out. Also, please make sure to use some kind of floor cover underneath your tree if you are watering it, so it doesn't leak on the floor below. And, please remember that trees can't go into the trash after the holidays. To learn where you can compost your tree for free in Ramsey county, visit:

http://www.co.ramsey.mn.us/ph/rt/collection_sites.htm. **Thank you!**
